"Everything here at Rowland Hall has made my life wonderful, such as the recesses, lunches, kids, homework, experiments and more. But I must say that in all the time that I have been here, I think that the teachers are the ones who pull us kids through the tough things in life. They also show us the glowing, brilliant, happy parts of life. So, if I had to say one thing that was most memorable at the Lower School, I would say the teachers."

- Harriet Brown, 5th Grade

"I like this school because it really pushes us to think about things in different ways and make new ideas."

- Connor Hughes Bellen, 5th Grade

THESE ARE THE WAYS WE SHINE.

"Inspiring students who make a difference."

FIFTH
GRADE

Advice to future Fifth Grade students
To overcome Fifth Grade, you need to know when homework is due because there is lots of it. There are also big projects. So don't leave the projects to the last minute. Trust me. You don't want to do that." - Finn Sidlow

What do you think about going to middle school next year?

I am excited for switching classes, different lunch, different teachers, longer recesses, choosing a language class, and study hall."

- Natalie Gushin

Highlights from RH

"I absolutely loved the trip to Timpanogos Cave in 4th Grade. I was so stunned by all of the formations and sculptures that were created in one cave, that I almost forgot where I was! For a moment, I thought I was a made-up character walking inside a made-up cave, but no. It was all real, and it was an experience that I will remember for the rest of my life." - Samantha Lehman

FIFTH GRADE

Mr. McCandless's Class

"One of my favorite parts of RH is all of the fun projects we get to do. My awesome teacher makes all of the projects so fun. He has us research interesting topics, make cool projects, and then present them in different ways. It is so fun to see what type of projects everyone does and how it relates to their personalities."

- Lizzie Carlin

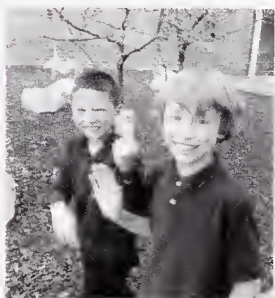

"I am excited for Sixth Grade because we will have a choice of different pants and shirts [for uniform]. I am also excited to be able to walk on our own to classes and for the different selections of food for lunch."

- Luke Muhlestein

Advice to future 5th Grade students

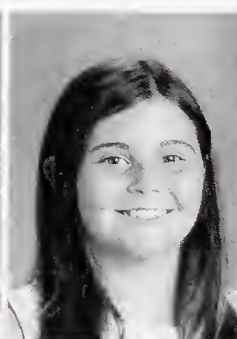

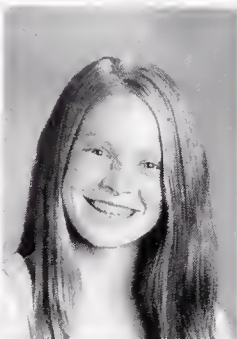

"I have lots of advice, but in my opinion, the most important piece of advice is to not give up. There are some rough spots and hard parts, but if you persevere through those parts you will truly love your Fifth Grade year." - Max Smart

HIGHLIGHTS FROM RH

- 1st Grade rainforest fund raiser and feast
- 2nd Grade bug-sucking field trip
- 3rd Grade raking leaves at Tracy Aviary
- 4th Grade hike to Timpanogos Cave
- Color Day and Stepping Back
- Friends and teachers

Mr. Obermark's Class

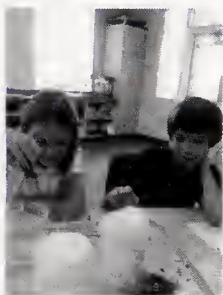

FIFTH
GRADE

What have you done to overcome challenges at RH?

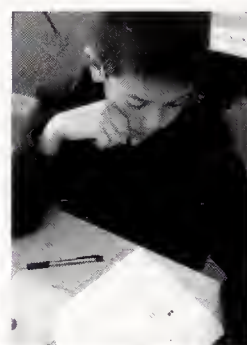

"In 2nd Grade, I came to RH. In P.E. we did jump roping. We had to do tricks. I bought a jump rope. When I got home, I practiced, practiced, practiced. The next day I was the best jumper in our group."

- Sophie-An Kingsbury-Lee

"I am really excited to go to middle school. The classes will be harder and in the science lab we will be using new things. Being in a new place and meeting new people will be great."

- Matthew Eichner

Advice for future 5th Grade students

"Fifth Grade can be a little overwhelming for two reasons. The first one is the homework. The second is all the fun but hard projects. Sometimes you feel a lot of pressure. If you keep your head down and try your best, then good and fun things will come your way."

- Olivia Milavetz

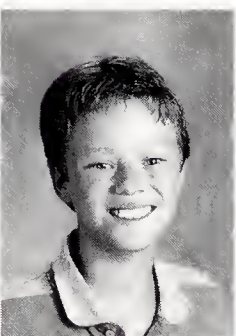

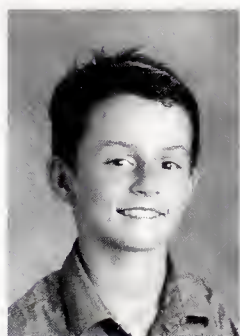

Highlights from our time at RH:

- 3rd Grade biographies, trip to Tracy Aviary, and Rube Goldberg project- 4th Grade trips to Great Salt Lake and Timpanogos Cave
- 5th Grade Colonial Day
- Experiments in science lab
- Specialty classes

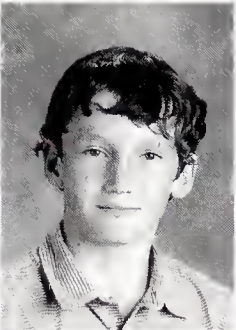

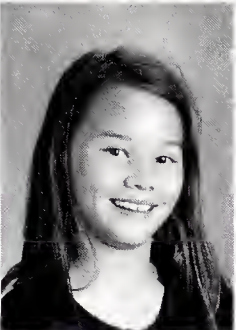

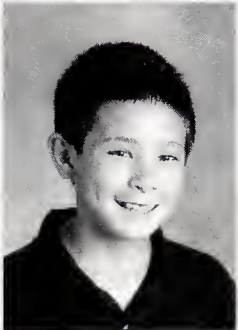

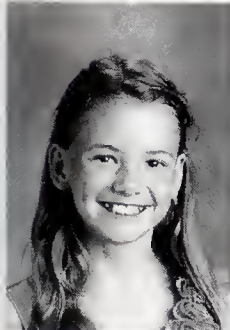

"When I moved to Utah, I was scared that no one would want to be my friend. But from the first day at RH, I knew I was wrong. Everyone was so inclusive and nice. Rowland Hall has helped me to break out of my shell."
